Dear OPRA Market Data Recipients:

I have attached the symbol distribution for the expanded OPRA equity and index options service. Information on the expanded network was previously made available on August 18, 2005 and November 2, 2005. These data recipient notices are available at the OPRA web site (www.opradata.com) under "Specifications".

As previously announced (August 3, 2005), the potential output from SIAC was increased this week to 149,000 messages per second. This would require bandwidth of 85 Mbps via your SFTI connection. (Two redundant streams are available; 85 Mbps is for one stream). Each recipient should evaluate their OPRA bandwidth requirements, and make adjustments, if necessary, to support these rates. Please contact your SFTI Customer Relations Manager (CRM) at 1-866-USE-SIAC.

Very truly yours,

Joe Corrigan
Executive Director
