February 3, 2009

Dear OPRA Market Data Recipients:

NYSE Alternext US (AMEX) has changed the date that the AMEX Options Program moves to the NYSE from February 9, 2009 to March 2, 2009. As a result, the AMEX will begin to use the last sale type codes R, S & T on March 2, 2009 instead of February 9, 2009 as announced by OPRA on January 23, 2009. No other Exchange will use the new last sale type codes before March 2, 2009

Very truly yours,

Joe Corrigan  
Executive Director
