Dear OPRA Market Data Recipients:

The BATS Global Markets has filed rules with the SEC establishing a new options exchange. BATS has advised OPRA that they will be trading options in mid 1st Quarter, 2010 (post –OSI cutover), pending SEC approval.

The BATS Participant ID is Z and they will follow all OPRA/SIAC formats.

Testing at SIAC using canned data will be available in early November. To participate in testing, please email CQS-CTS-OPRA@SIAC.COM or contact William Gutierrez of SIAC at (212) 383-4908. BATS will provide input data for replay by SIAC in early December.

For information on BATS, contact Jeromee Johnson at (913) 815-7143 or jjohnson@batstrading.com.

Very truly yours,

Joe Corrigan
