March 6, 2007

To: OPRA Multicast Line Data Recipients

Subject: Early Daylight Savings Time – **Begins March 11, 2007 at 2:00 A.M. ET**

Pursuant to the Energy Policy Act of 2005 signed by President George W. Bush, beginning in 2007, Daylight Savings Time (DST) is being extended by one month and will begin at 2:00 a.m., ET, on the second Sunday in March (**March 11, 2007**) and will revert to Standard Time beginning at 2:00 a.m., ET on the first Sunday in November (**November 4, 2007**).

SIAC has implemented the appropriate "operating system patches" on all National Market Systems (NMS) to properly handle the DST change. All Multicast Data Recipients are invited to participate in a DST test on Sunday, March 11, 2007 from 7:00 a.m. - 12:00 p.m., ET. During this time, Data Recipients will have the ability to verify normal processing of trade and quote data generated by the Participants.

Please contact Joseph Loughran at (212) 383-4908 or Cheryl Boamah at (212) 383-4920 to coordinate testing. **All Indirect Data Recipients must contact their direct service providers to coordinate testing.**

Sincerely,

A handwritten signature in black ink that reads "Michael Collazo". The signature is written in a cursive style and is positioned to the left of a vertical line.

Michael Collazo
Director
NMS Product Planning & Management
