Dear OPRA Market Data Recipients:

The Chicago Board Options Exchange has filed rules with the SEC establishing a new options exchange, C2. CBOE has advised OPRA that C2 will be trading options in late summer, 2009, pending SEC approval.

The C2 Participant ID is "W". C2 will follow all OPRA/SIAC formats.

Testing at SIAC using canned data will be available in early May. To participate in testing, contact William Gutierrez of SIAC at (212) 383-4908. C2 will provide input data for replay by SIAC at a later date.

For information on C2, contact Tom Knorring at (312) 786-7363 or knorring@cboe.com for business issues and Steve Chodash at (312) 786-7624 or chodash@cboe.com for technical issues.

Very truly yours,

Joe Corrigan
Executive Director
